

PAYMENT CARD INDUSTRY (PCI) DATA SECURITY STANDARD

ATTESTATION OF COMPLIANCE (AoC) — Version 4.0 — For Service Providers

Date of Attestation: February 25, 2025
Attestation Reference: Ashford-AoC-PClv4-2025

1. SECTION 1: ASSESSMENT INFORMATION

1.1 Service Provider Name	Ashford Clearing Networks LLC
1.2 Corporate Address	77 Riverside Commerce Park, Newark, NJ 07102
1.3 Service Provider Type	Clearing and Settlement, Card-Present and E-Commerce Processing
1.4 PCI-DSS Version	4.0
1.5 Date of Assessment	February 3 – February 14, 2025
1.6 Assessment Type	Annual Self-Assessment Questionnaire D (SAQ D) — Internally Validated, Level 1 Service Pro

2. SECTION 2: REPORT ON COMPLIANCE SUMMARY

Ashford Clearing Networks LLC confirms that its Card-Present and E-Commerce Clearing Infrastructure has been assessed against the requirements of PCI-DSS v4.0. The assessment covered all applicable requirements for a service provider handling cardholder data.

- Data Store Context: Full Primary Account Numbers (PANs) are stored in an encrypted state post-authorization using AES-256; however, three legacy settlement endpoints continue to negotiate TLS 1.0 for backward compatibility with older merchant terminals, which is noncompliant with PCI-DSS v4.0 Requirement 4.2.1. Remediation is in progress.
- Scope of assessment includes network segmentation, cardholder data environments (CDE), and all systems involved in payment processing, authorization, and settlement.

3. SECTION 3: VALIDATION STATE

PCI-DSS Requirement Area	Validation Status
Build and Maintain a Secure Network and Systems	In Place
Protect Account Data	Not in Place — remediation in progress (legacy TLS 1.0 e
Maintain a Vulnerability Management Program	In Place
Implement Strong Access Control Measures	In Place
Regularly Monitor and Test Networks	In Place
Maintain an Information Security Policy	In Place

The Service Provider has self-attested partial compliance with PCI-DSS v4.0 requirements. One requirement area (Protect Account Data) was found Not in Place due to legacy TLS 1.0 usage on three settlement endpoints; a remediation timeline has been submitted but is not yet validated. This Attestation of Compliance was issued February 25, 2025 and has not been renewed in the subsequent assessment cycle as of the date of this document.

4. SECTION 4: ATTESTATION

The undersigned attests that the information provided in this Attestation of Compliance is true and correct to the best of their knowledge.

Attestor Signature Block

Assessor Name: Internal IT Director (name withheld in source record)

Assessor Title: Director of Infrastructure, Ashford Clearing Networks
